DOCKET FILE COPY ORIGINAL

Dear Mr. Martin,

The Wisconsin's "no call list" should not be tampered with by the FCC. Do not think for a moment that taking away our "no call list" benefits consumers. It's obvious who it would benefit if the "no call list" were taken away.

PLEASE take the side of average working Americans, and have the courage to stand up to big companies who historically have taken advantage of the average American.

WE DON'T WANT PHONE SOLICITORS INVADING OUR PRIVACY. LEAVE WISCONSIN'S NO CALL LIST ALONE!

Sincerely,

A handwritten signature in cursive script, appearing to read "Jon M. Erd".
